<https://github.com/Woodpekerrr>

I am a fast learner with strong adaptability, capable of collaborating effectively within a team and performing well under pressure. **I am ready to start work immediately.**

I possess a positive mindset, strong problem-solving skills, and a continuous eagerness to learn new technologies.

My goal is to apply my knowledge and passion for technology to contribute to innovative projects and further develop my professional skills in a dynamic work environment.

EDUCATION

Bhadungsit Pittaya School

july 2020 - April 2021
Match-Science Program
Cumulative GPA : 3.05

Rangsit University

May 2025 - present
Bachelor of Engineering in Computer Engineering
Cumulative GPA : 3.05

Language

Thai : Native

English : B1(Intermediate English)

WORK EXPERIENCE

Intern

Business Analyst

Tech Curve AI & Innovations

Analyzed data to identify solutions and design processes or new systems. Developed technical documentation, including Business Requirement Documents (BRD) and Functional Specifications. Conducted testing and provided support to ensure the system meets business requirements.

ACADEMIC EXPERIENCE

Final Project

Helmetless Riders Detection

August 2024

Developed an AI-powered No-Helmet Detection system using the YOLOv11 architecture on PyTorch. Managed the end-to-end pipeline, including custom dataset creation via LabelImg, image data manipulation using NumPy and Pillow, and model performance evaluation through Matplotlib for high-accuracy

SKILLS

Programming Skills

Python , javaScript , C , CSS , HTML

Libraries

NumPy , Pillow , Matplotlib

Frameworks

React.js, PyTorch

Tools

Visual Studio Code , PyCharm , Figma , canva ,
Github , Adobe Premiere Pro , LabelImg,Cisco

Soft Skills

Communication , Teamwork , Time
Management , Adaptability
